Software Developer

A polyglot developer deeply interested in high performance, software architecture and generally solving complex problems. I'm dedicated to writing highly maintainable and reliable code while following best coding practices. Familiar with all stages of applications development process, from requirements gathering, analysis, and design to the development, deployment, and support of the solution. In programming business more than five years with proven ability to work as part of a team, as a team leader or on own initiative as required. Currently, mobile is my passion.

Particularly specialized for:

Android SDK, Java, Kotlin, Objective-C, Swift, Node.js, JSON, Mac, Linux

- Outgoing exchange coordinator - Leadership role
- Speaker at multiple events

Parliament of high school dorm „Stevan Sindelić“, Niš, Serbia

2007/2008

- The president of parliament

Talks and Conferences

☐ **Kotlin User Group Meetup - Speaker**

☐ Introduction to Kotlin

☐ [Kotlin: What, Why, Where and How?](#)

☐ **Agile Serbia Conference** – participant

☐ **App Builders '17 - Switzerland** - participant

☐ **Driodcon Berlin 2016** - Barcamp speaker - [Android Studio Productivity](#)

☐ **Cooding Serbia, PHP Serbia 2016** – participant

→ Coding skills: **Android SDK, Java, Kotlin, ObjectiveC, Swift**, Node.js, JavaScript, HTML(5), CSS(3), **MySQL, NoSQL**, XML, **JSON, REST**

→ Tools: **Android Studio, IntelliJ**, Visual Studio Code, SublimeText, **XCode, AppCode, Git, Git Flow, Gradle**, Maven, **npm**, Apache, Nginx, Jenkins, Amazon, DigitalOcean, Linux

Technology

Languages

Native proficiency: **Serbian** (Native), Croatian, Bosnian

Professional proficiency: **English** (Professional)

Basic communication: **Portuguese, German**

Other

- In free time blogging and reading about IT and programming
- Optimist, always ready for action, compromises and open for new ideas.
- Nature and travel lover
