Software Developer

A polyglot developer deeply interested in high performance, software architecture and generally solving complex problems. I'm dedicated to writing highly maintainable and reliable code while following best coding practices. Familiar with all stages of applications development process, from requirements gathering, analysis, and design to the development, deployment, and support of the solution. In programming business more than seven years with proven ability to work as part of a team (remote or on-site), as a team leader or on own initiative as required. Currently, mobile is my passion.

Particularly specialized for:

Android, Java, Kotlin, Swift, JavaScript, Node.js, React, Objective-C, JSON

Experience

Codebehind • Senior Software Engineer • Serbia • Oct 2017 - Present

- Mostly responsibility for mobile and backend software system design and architecture

FoundCenter Investment • Mobile Team Lead • Serbia • Nov 2016 - Present

- Full responsibility for the product – from early planning stages to deployment and maintenance
- Leading a small team of three mobile developers using SCRUM methodology

FoundCenter Investment • Senior Mobile Developer • March 2016 - Nov 2016

- Developing prototypes for multiple mobile projects
- Android/iOS development

Cheesecake Labs • Mobile developer • Brazil/Remote • Feb 2015 - March 2016

- Native mobile application development - Android / Java / Objective-C / Swift

Chaordic • Full-stack developer • Brazil • August 2014 - February 2015

- Full stack development - JS / Node.js / REST API

Delta Holding • Android/Web developer • Serbia • January 2013 - August 2014

- Android/Java developer (BMW Srbija app, Honda Srbija app)
- Web development - Maintenance and development of multiple web applications

Freelancer – Wordpress, Android, Java, PHP, JavaScript • 2010 - 2013

- PHP T-Day 2014 Conference - Android / API
- Google Code Day Conference - Website / Android app development
- SOLIDay 2015 Conference - Website / Android app development

Education

Faculty of Organizational Sciences, University of Belgrade
Course: Informational systems and technologies

High School of Electrical Engineering „Nikola Tesla“, Niš
Diploma: Electrical engineering

Engagement

Belgrade Institute of Technology (BIT) - Lecturer Active

- Teaching practical, contemporary and immediately applicable computer science and software development program

Kotlin Serbia User Group - co-founder Active

- Organizing events to promote Kotlin as new Android language

Student association of FON 2011 – 2013
Honorable member

- Member of the Executive Board
- Member of the Supervisory Board
- IT team - website development and administration

Volunteering activities

- 25th Universiade (Jun, 2009)
- EXIT Festival (July, 2012)

AIESEC Serbia, LC FON 2008 - 2012

- Project „OpenIT v5.0“ - Conference manager
- Outgoing exchange coordinator - Leadership role
- Speaker at multiple events

Parliament of high school dorm „Stevan Sindelić“, Niš, Serbia 2007/2008

- The president of parliament

Talks and Conferences

- ☐ **Kotlin User Group Meetup - Speaker**
 - ☐ [Kotlin: What, Why, Where and How?](#)
- ☐ **Agile Serbia Conference** – participant
- ☐ **App Builders '17 - Switzerland** - participant
- ☐ **Druidcon Berlin 2016** - Barcamp speaker - [Android Studio Productivity](#)
- ☐ **Cooding Serbia, PHP Serbia 2016** – participant

Technology

- Coding skills: **Android SDK, Java, Kotlin, Swift**, ObjectiveC, Node.js, JavaScript, HTML(5), CSS(3), **React, Mongo, NoSQL, JSON, REST**
- Tools: **Android Studio, IntelliJ, Visual Studio Code, XCode, AppCode, Git, Git Flow, Gradle**, Maven, **npm**, yarn, Nginx, Jenkins, Amazon, DigitalOcean, Docker, Linux

Languages

Native proficiency: **Serbian** (Native), Croatian, Bosnian
Professional proficiency: **English** (Professional)
Basic communication: **Portuguese, German**

Other

- In free time blogging and reading about IT and programming
- Optimist, always ready for action, compromises and open for new ideas.
- Nature and travel lover
